## **Hook Neighbourhood Plan – Employee Survey – 2015**

Hart District Council are supporting a Government planning initiative to give businesses, employees and residents more influence over how the area in which they reside/work develops in the future. This is called the **Neighbourhood Plan**.

Hook has started work on a Neighbourhood Plan, run by a Steering Group made up of residents and representatives from Hook Parish Council. The scope of the Neighbourhood Plan includes all buildings and the infrastructure required to support them now and in the future.

The Hook Neighbourhood Plan will be incorporated as part of the wider Hart District Plan. The policies and specific plans adopted will influence planning decisions affecting businesses in Hook for many years in the future. Hence, we are very keen, through this survey, to ensure that we take account of your needs and preferences.

To support the first stage of the Neighbourhood Plan process, we need to establish what residents, employees and businesses think about Hook. We not only want to know about the existing facilities and services available in Hook, but also those which will be required to sustain our community and businesses/workforce in the future. Residents received a separate survey in December. A separate survey will be running in parallel, to collect inputs from the businesses. This is the Employee Survey and is dedicated to finding out what employees think and need.

**As someone who works in Hook, we would like your views on what makes Hook a good place to work. Please will you take a few minutes to complete the survey form by visiting: [https://www.surveymonkey.com/r/Hook Employee Survey](https://www.surveymonkey.com/r/Hook_Employee_Survey)**
